Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

This comprehensive volume discusses approaches for a systematic selection of delivery systems for various classes of therapeutic agents including small molecule, protein, and nucleic acid drugs.

Specific topics covered in this book include:

- Solution, suspension, gel, nanoparticle, microparticle, and implant dosage forms
- Refillable and microneedle devices
- Intravitreal, suprachoroidal, intrascleral, transscleral, systemic, and topical routes of delivery
- Physical methods including iontophoresis for drug delivery
- Rational selection of routes of administration and delivery systems
- Noninvasive and continuous drug monitoring
- Regulatory path to drug product development
- Clinical endpoints for drug product development
- Emerging and existing drugs and drug targets *Drug Product Development for the Back of the Eye* is authored by renowned ocular drug delivery experts, representing academic, clinical, and industrial organizations and serves as indispensable resource for ophthalmic researchers, drug formulation scientists, drug delivery and drug disposition scientists, as well as clinicians involved in designing and developing novel therapeutics for the back of the eye diseases. This book is also relevant for students in various disciplines including ophthalmology, pharmaceutical sciences, drug delivery, and biomedical engineering.

From reader reviews:

Marc Gaul:

What do you concentrate on book? It is just for students as they are still students or the item for all people in the world, exactly what the best subject for that? Only you can be answered for that problem above. Every person has several personality and hobby per other. Don't to be compelled someone or something that they don't need do that. You must know how great and also important the book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series). All type of book would you see on many solutions. You can look for the internet resources or other social media.

Charlie Hartman:

The feeling that you get from Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) may be the more deep you rooting the information that hide into the words the more you get serious about reading it. It does not mean that this book is hard to know but Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) giving you thrill feeling of reading. The article author conveys their point in specific way that can be understood simply by anyone who read that because the author of this reserve is well-known enough. This book also makes your own personal vocabulary increase well. Therefore it is easy to understand then can go to you, both in printed or e-book style are available. We recommend you for having this particular Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) instantly.

Joy Rodriguez:

Reading a book tends to be new life style in this particular era globalization. With examining you can get a lot of information that could give you benefit in your life. Having book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire all their reader with their story or even their experience. Not only the story that share in the textbooks. But also they write about the ability about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their ability in writing, they also doing some investigation before they write to the book. One of them is this Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series).

Paul Queen:

E-book is one of source of know-how. We can add our expertise from it. Not only for students but in addition native or citizen need book to know the change information of year to year. As we know those ebooks have many advantages. Beside most of us add our knowledge, could also bring us to around the world. From the book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) we can take more advantage. Don't that you be creative people? To be creative person must choose to read a book. Merely choose the best book that ideal with your aim. Don't

always be doubt to change your life at this book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series). You can more desirable than now.
