The Kingdom of Christ: The New Evangelical Perspective Russell Moore

In this scholarly work, Russell D. Moore relates the history leading up to the new "Kingdom" consensus among evangelicals from the time theologian Carl F. H. Henry called for it fifty years ago. He examines how this consensus offers a renewed theological foundation for evangelical engagement in the social and political realms.

While evangelical scholars and pastors will be interested in this sharp, insightful book, all evangelicals interested in public policy will find it useful in discovering how this new Kingdom perspective works out in the public square.
