La energía liberada: El estallido social de un mundo en crisis (Spanish Edition) Rosa María Artal

Vivimos en una cultura social que sólo mira la superficie. Sabemos, no obstante, que debajo de la corteza terrestre se genera un tipo de energía que en ocasiones se libera y genera vida. Asimismo la sociedad se ve alterada por fuerzas económicas, mediáticas, políticas muy activas -el neoliberalismo, los gobiernos sometidos a los poderes económicos, Barack Obama, los países emergentes, la Unión Europea, España-, de compleja estructura y variados matices, que influyen en ella de una u otra manera, se empujan o alían. Éste es el tiempo de los grandes movimientos. Necesitamos sentir que somos capaces de poder cambiar nuestro presente para que no nos arrebaten nuestros derechos, para que quienes gestionan nuestra existencia no nos engañen con su mutismo mientras se acumulan los agravios, para dejar de respirar tanta zozobra. La periodista Rosa María Artal, coordinadora y coautora de Reacciona, parte de una metáfora geológica para articular de manera magistral un análisis profundo de la crisis, por qué no se remedia, qué soluciones está arbitrando la sociedad civil y el impacto de movimientos como Wikileaks, el volcán islandés, el 15M o el renacimiento de una conciencia ciudadana. Un libro necesario que recoge la vehemencia y el empuje de los ciudadanos que luchan por conseguir cambiar sus destinos, que ya son energía liberada y ansían sumar fuerzas a esa erupción, una explosión de dignidad que actúe más allá de la superficie.
