Germany's Second Reich: Portraits and Pathways (German and European Studies)

James Retallack

Germany's Second Reich: Portraits and Pathways (German and European Studies) James Retallack

Despite recent studies of imperial Germany that emphasize the empire's modern and reformist qualities, the question remains: to what extent could democracy have flourished in Germany's stony soil? In *Germany's Second Reich*, James Retallack continues his career-long inquiry into the era of Bismarck and Kaiser Wilhelm II with a wide-ranging reassessment of the period and its connections with past traditions and future possibilities.

In this volume, Retallack reveals the complex and contradictory nature of the Second Reich, presenting Imperial Germany as it was seen by outsiders and insiders as well as by historians, political scientists, and sociologists ever since.
