## **Para uma ontologia do ser social 1 (Portuguese Edition)** György Lukács

György Lukács é um dos maiores expoentes do pensamento humanista do século XX e Para uma ontologia do ser social é a mais complexa sistematização filosófica de seu tempo. Considerada uma das mais importantes obras do filósofo húngaro, concebida no curso dos anos 1960, a Ontologia (como se tornou conhecida) significa o salto daquela intuída à ontologia filosoficamente fundamentada nas categorias mais essenciais que regem a vida do ser social, bem como nas estruturas da vida cotidiana dos homens.

O primeiro volume de um dos centrais projetos editoriais da Boitempo, acalentado por mais de uma década, finalmente chega às livrarias brasileiras com primorosa apresentação de José Paulo Netto e tradução direta do alemão por Mario Duayer e Nélío Schneider, acrescida da tradução de Carlos Nelson Coutinho, introdutor de Lukács no Brasil e profundo conhecedor de sua obra, baseada na edição italiana. O texto contou também com uma minuciosa revisão técnica de Ronaldo Vielmi Fortes, auxiliado por Ester Vaisman e Elcemir Paço Cunha.
