ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

This package contains the book and the access code card for MyHealthProfessionsKit.com. Students will need access to retrieve the transcriptions that accompany the book.

Advanced Medical Transcription bridges the gap between textbook medical terminology and “doctor speak.” Fostering critical thinking and listening skills, this text demonstrates how foundational knowledge of physiology and disease processes combined with contextual clues can help decipher difficult dictation, discriminate sound-alike words and phrases, guide research efforts, and efficiently produce accurate documentation. The text's unique approach to terminology places an emphasis on medical phrases and medical lingo as opposed to individual terms. Exercises and activities throughout each chapter use authentic dictation from acute-care and ambulatory settings and cover a variety of medical specialties and accents.
