A Skeleton in God's Closet Paul L. Maier

**When an ancient skeleton is discovered in Israel, will it shed new light on the life of Jesus or plunge the world into chaos?**

Dr. Jonathan Weber, Harvard professor and biblical scholar, is looking forward to his sabbatical year on an archaeological dig in Israel. But a spectacular find that seems to be an archaeologist's dream-come-true becomes a nightmare that many fear will be the death rattle of Christianity.

Carefully researched and compellingly written, *A Skeleton in God's Closet* explores the tension between faith and doubt when science and religion collide. In the end, it's a thought provoking page turner driven by one man's determination to find the truth—no matter what the cost.
