A Natural History of the Senses

Diane Ackerman

A Natural History of the Senses Diane Ackerman

Diane Ackerman's lusciously written grand tour of the realm of the senses includes conversations with an iceberg in Antarctica and a professional nose in New York, along with dissertations on kisses and tattoos, sadistic cuisine and the music played by the planet Earth. "Delightful . . . gives the reader the richest possible feeling of the worlds the senses take in."--The New York Times. (Literature--Classics & Contemporary)

From reader reviews:

Esther Price:

As people who live in the particular modest era should be up-date about what going on or info even knowledge to make these individuals keep up with the era which can be always change and move ahead. Some of you maybe can update themselves by looking at books. It is a good choice to suit your needs but the problems coming to you actually is you don't know which you should start with. This A Natural History of the Senses is our recommendation so you keep up with the world. Why, because this book serves what you want and want in this era.

Bertha Costa:

Often the book A Natural History of the Senses has a lot of information on it. So when you read this book you can get a lot of gain. The book was written by the very famous author. The author makes some research just before write this book. This book very easy to read you may get the point easily after reading this book.

Bettina Cutler:

Exactly why? Because this A Natural History of the Senses is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will jolt you with the secret that inside. Reading this book adjacent to it was fantastic author who else write the book in such remarkable way makes the content inside easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of advantages than the other book get such as help improving your expertise and your critical thinking technique. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

William Martin:

Is it you actually who having spare time after that spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This A Natural History of the Senses can be the answer, oh how comes? It's a book you know. You are thus out of date, spending your spare time by reading in this brand-new era is common not a nerd activity. So what these books have than the others?
