Scotland: Land of Mountains

Colin Baxter, Des Thompson

Scotland: Land of Mountains Colin Baxter, Des Thompson

Journey through Scotland's mountain regions and view a series of remarkable landscapes--arguably among the most beautiful and unspoiled in Europe. Sponsored by Scottish Natural Heritage and combining the talents of an influential writer and photographer, this book captures the unrivaled character of the Scottish mountains and touches on the threats facing their fragile existence. Sponsored by Scottish Natural Heritage, the government environmental agency, and the Clydesale Bank.

Also recommended: Scotland from the Air, Portrait of Scotland, France.

Colin Baxter is widely acclaimed for his distinctive landscape photography. In the early 1980s his work revolutionized the postcard industry in Scotland. Since then he has produced a varied range of publications, including more than twenty books, as well as calendars. Colin Baxter's photographs demonstrate his special empathy with the environment and cover many areas of Britain and the world. He lives in the Highlands of Scotland. Des Thompson is head of uplands and peatlands for Scottish Natural heritage. He is the author and editor of several other works.

From reader reviews:

Grace Robinson:

The book Scotland: Land of Mountains can give more knowledge and information about everything you want. So why must we leave a very important thing like a book Scotland: Land of Mountains? A few of you have a different opinion about publication. But one aim this book can give many data for us. It is absolutely correct. Right now, try to closer along with your book. Knowledge or data that you take for that, you could give for each other; you can share all of these. Book Scotland: Land of Mountains has simple shape nevertheless, you know: it has great and large function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Craig Chivers:

A lot of people always spent their free time to vacation or go to the outside with them family or their friend. Do you realize? Many a lot of people spent they will free time just watching TV, as well as playing video games all day long. If you would like try to find a new activity this is look different you can read any book. It is really fun in your case. If you enjoy the book that you simply read you can spent the whole day to reading a book. The book Scotland: Land of Mountains it is very good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. In the event you did not have enough space bringing this book you can buy typically the e-book. You can m0ore very easily to read this book from the smart phone. The price is not too costly but this book has high quality.

Kara Hogan:

This Scotland: Land of Mountains is great guide for you because the content that is certainly full of information for you who all always deal with world and have to make decision every minute. This kind of book reveal it details accurately using great plan word or we can declare no rambling sentences within it. So if you are read this hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but hard core information with wonderful delivering sentences. Having Scotland: Land of Mountains in your hand like getting the world in your arm, details in it is not ridiculous 1. We can say that no publication that offer you world with ten or fifteen moment right but this publication already do that. So , this can be good reading book. Hey Mr. and Mrs. hectic do you still doubt in which?

Patricia Phipps:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just little students that has reading's heart or real their hobby. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Scotland: Land of Mountains can make you experience more interested to read.
