## **Who Lives Here? Wetland Animals** Deborah Hodge

Wetlands are home to amazing animals whose bodies are built for living in or near the water. Hippos, crocodiles and anacondas all have special ways of finding food, staying safe and raising their young in a watery habitat.

The Who Lives Here? series looks at animals in their natural habitats - rain forests, polar regions, deserts and wetlands - and explains how the body and habits of each animal are suited to the place it lives. Charming, realistic illustrations, playful language and intriguing facts make these books a perfect read for young children.
