With society still reeling from the Aug Incident - the Illuminati orchestrated event which caused augmented individuals to mindlessly attack their 'natural' counterparts: anti-aug sentiment is at an all-time global high. Task Force 29 - an Interpol-funded coalition, created to quash the rising tide of terrorist activity - stands as the world's main defence against total anarchy. In the city of Prague, where tension is especially high, the team's latest recruit, Adam Jensen, readies for his first mission with the unit. But being augmented himself, how will the former SWAT agent handle himself when faced with the grim reality of the mechanical apartheid? Written by Alex Irvine (Daredevil) with artwork from John Aggs, this high-octane collection comprises the entire thrilling prologue to the upcoming new instalment, Deus Ex: Mankind Divided. Collects Deus Ex: Children's Crusade mini-series #1-5
