**Understanding Minecraft: Essays on Play, Community and Possibilities (Minedraft)** Nate Garrelts

Since its official release in 2011, Minecraft has sold over 48 million copies across all gaming platforms. The premise of Minecraft is simple: destroy, collect, build and interact in a world made entirely of colored cubes. Unlike Lego blocks or other construction toys, Minecraft's digital play space allows for virtually limitless creation without the cost and limitations of physical building materials. Developer Mojang's generous policies toward modification and other uses of their intellectual property also engender enthusiasm and creativity from fans who make music, art and animation inspired by the software. The first essays in this collection cover Minecraft's origins, describing its relationship to other video games and toys and examining the learning models implicit in its design. Later essays describe and theorize the various ways players interact with the software, which simultaneously presents them with structural constraints and limitless possibilities.

### **From reader reviews:**

#### **Ian Gardner:**

As people who live in typically the modest era should be update about what going on or details even knowledge to make them keep up with the era and that is always change and advance. Some of you maybe will update themselves by studying books. It is a good choice in your case but the problems coming to anyone is you don't know which you should start with. This Understanding Minecraft: Essays on Play, Community and Possibilities (Minedraft) is our recommendation to make you keep up with the world. Why, as this book serves what you want and want in this era.

#### **Dawn Williams:**

Reading a e-book tends to be new life style in this particular era globalization. With reading you can get a lot of information which will give you benefit in your life. Having book everyone in this world could share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their own reader with their story or perhaps their experience. Not only situation that share in the books. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on this planet always try to improve their skill in writing, they also doing some investigation before they write with their book. One of them is this Understanding Minecraft: Essays on Play, Community and Possibilities (Minedraft).

#### **Michael Johnson:**

As a scholar exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Understanding Minecraft: Essays on Play, Community and Possibilities (Minedraft) can make you really feel more interested to read.

#### **Stephen Hilton:**

Reading a guide make you to get more knowledge from that. You can take knowledge and information from a book. Book is composed or printed or outlined from each source in which filled update of news. Within this modern era like right now, many ways to get information are available for you actually. From media social just like newspaper, magazines, science guide, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Do you want to spend your spare time to open your book? Or just searching for the Understanding Minecraft: Essays on Play, Community and Possibilities (Minedraft) when you needed it?
