Fall River Outrage: Life, Murder, and Justice in Early Industrial New England David Richard Kasserman

Fall River Outrage recounts one of the most sensational and widely reported murder cases in early nineteenth-century America. When, in 1832, a pregnant mill worker was found hanged, the investigation implicated a prominent Methodist minister. Fearing adverse publicity, both the industrialists of Fall River and the New England Conference of the Methodist Episcopal Church engaged in energetic campaigns to obtain a favorable verdict. It was also one of the earliest attempts by American lawyers to prove their client innocent by assassinating the moral character of the female victim. *Fall River Outrage* provides insight in American social, legal, and labor history as well as women's studies.
