**Plain Words: A Guide to the Use of English** Ernest Gowers

**In print since 1948, this style guide has been loved and endorsed throughout the decades by the likes of Bill Bryson, Lynne Truss, David Crystal, Harold Evans, and Winston Churchill**

*"Be short, be simple, be human."* When Sir Ernest Gowers first wrote *Plain Words*, it was intended simply as a guide to the proper use of English for the Civil Service. Within a year, however, its humor, charm, and authority had made it a bestseller. Since then it has never been out of print. Six decades on, writer Rebecca Gowers has created a new edition of this now-classic work that both revises and celebrates her great-grandfather's original. *Plain Words* has been updated to reflect numerous changes in English usage, yet Sir Ernest's distinctive, witty voice is undimmed. And his message remains vital: our writing should be as clear and comprehensible as possible, avoiding superfluous words and clichés—from the jargon of "commercialese" to the murky euphemisms of politicians. In a new preface, this edition draws on an extensive private archive, previously hidden away in family cupboards and attics, to tell the story behind a book that has become an institution: the essential guide to making yourself understood.
