Birding in the American West: A Handbook (Comstock Books)

Kevin J. Zimmer

Birding in the American West: A Handbook (Comstock Books) Kevin J. Zimmer

From the Great Plains to the Arctic tundra, the American West, including Alaska, is home to a stunning variety of birds. This indispensable volume, both a field guide and a site-finding guide, provides an ideal introduction to the pleasures of birding west of the Mississippi. Featuring practical but little-known tips for identifying birds, it will be welcomed by beginning as well as seasoned birders. *Birding in the American West: A Handbook* tells where to go, what birds to look for, and how to identify them. It describes the exciting and varied bird habitats found in the West. It is heavily illustrated with drawings and photographs to help birders in the field. It spells out useful techniques for distinguishing among similar-looking species and addresses difficult cases in far greater detail than do standard field guides. It features species accounts with valuable information on bird location, behavior, and field marks. It presents detailed listings by state on where to find birds, with an emphasis on the microhabitats of especially sought-after birds. It teaches bird-finding and bird-identifying skills applicable anywhere.

From reader reviews:

Garnet Veach:

What do you think about book? It is just for students since they're still students or the idea for all people in the world, the particular best subject for that? Just simply you can be answered for that problem above. Every person has diverse personality and hobby for every single other. Don't to be forced someone or something that they don't wish do that. You must know how great and also important the book Birding in the American West: A Handbook (Comstock Books). All type of book could you see on many resources. You can look for the internet solutions or other social media.

Darlene Lewis:

Information is provisions for folks to get better life, information presently can get by anyone from everywhere. The information can be a understanding or any news even restricted. What people must be consider when those information which is in the former life are difficult to be find than now is taking seriously which one is suitable to believe or which one the particular resource are convinced. If you have the unstable resource then you have it as your main information you will have huge disadvantage for you. All of those possibilities will not happen within you if you take Birding in the American West: A Handbook (Comstock Books) as the daily resource information.

David Packard:

Beside that Birding in the American West: A Handbook (Comstock Books) in your phone, it can give you a way to get nearer to the new knowledge or information. The information and the knowledge you can got here is fresh from the oven so don't always be worry if you feel like an old people live in narrow commune. It is good thing to have Birding in the American West: A Handbook (Comstock Books) because this book offers to you readable information. Do you sometimes have book but you rarely get what it's all about. Oh come on, that will not happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, such as treasuring beautiful island. Use you still want to miss the idea? Find this book and read it from now!

Lois Schooley:

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some book, they are complained. Just small students that has reading's heart or real their interest. They just do what the professor want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Birding in the American West: A Handbook (Comstock Books) can make you sense more interested to read.
