Island of the Unknowns: A Mystery Benedict Carey

This gripping mystery, spiked with math clues, follows quirky outcasts Lady Di and Tom Jones as they try to save their woebegone island community. In their trailer park next to the Folsom Energy Plant, people have started to vanish, and no one seems to care. At first the kids barely notice the disappearances themselves--until their beloved math tutor, Mrs. Clarke, is abducted too. Mrs. Clarke has left them clues to her whereabouts in the form of equations that lead them all over the trailer park, through hidden tunnels under nearby "Mount Trashmore" and into the Folsom Energy Plant itself, where Lady Di and Tom Jones and a gang of other misfits uncover the sordid truth about what's really happening on their island.
