Europe's Angry Muslims: The Revolt of The Second Generation Robert Leiken

Europe's Angry Muslims traces the routes, expectations and destinies of immigrant parents and the plight of their children, transporting both the general reader and specialist from immigrants' ancestral villages to their new enclaves in Europe. It guides readers through Islamic nomenclature, chronicles the motive force of the Islamist narrative, offers them lively portraits of jihadists, and takes them inside radical mosques and into the minds of suicide bombers. Through interviews of former radicals and security agents and examination of the sermons of radical imams, Robert Leiken presents an unsentimental yet compassionate account of Islam's growing presence in the West. His nuanced and authoritative analysis-historical, sociological, theological and anthropological-warns that conflating rioters and Islamists, folk and fundamentalist Muslims, pietists and jihadis, and immigrants and their children is the method of strategic incoherence.

Now with a new preface analyzing the rise of ISIL, this book offers a cogent overview of how global terror and its responding foreign policy interacts with the lives of Muslim, first-and second generation immigrants in Europe.
