Evolutionary astrology holds the key to life's most profound mysteries: Where does the soul come from? How can we grow spiritually? What are our intended life lessons?

Shedding new light on these vitally important questions, well-known astrologer Rose Marcus has compiled a collection of illuminating essays by today's foremost evolutionary astrologers. Each contributor offers fascinating perspectives on evolutionary astrology and explores various aspects of Pluto's role in determining the soul's evolving needs and desires.

Jeffrey Wolf Green, the world-renowned founder of this specialized field of study, begins the book with an exploration of the four natural evolutionary laws that propel soul growth. Deva Green continues with a discussion of how Pluto drives our evolutionary growth, illustrated with case studies and charts of notable figures such as President Barack Obama.

Contributors also explore Pluto's influence on the sexual and relationship characteristics of each zodiacal sign, the fulfillment of human potential, the dynamics between twins, past life regression, the interpretive importance of planetary nodes, and the cultural significance of Pluto entering Capricorn.

Features original essays by Jeffrey Wolf Green, Deva Green, Kim Marie, Maurice Fernandez, Kristin Fontana, Patricia L. Walsh, Mark Jones, and Rose Marcus.
