**Mastering Chess Middlegames: Lectures from the All-Russian School of Grandmasters** Alexander Panchenko

Grandmaster Alexander Panchenko (1953-2009) was one of the most successful chess trainers in the Soviet Union, and later in Russia. Panchenko ran a legendary chess school that specialised in turning promising players into masters.

The secret of his success were his dedication and enthusiasm as a teacher combined with his outstanding training materials. ‘Pancha’ provided his pupils with systematic knowledge, deep understanding and the ability to take practical decisions.

Now, Panchenko’s classic Mastering Chess Middlegames is for the first time available in translation, giving club-players around the world access to this unique training method.

The book contains a collection of inspiring lessons on the most important middlegame topics: attack, defence, counterplay, realising the advantage, obstructing the plans of your opponent, the battle of the heavy pieces, and much more. In each chapter, Panchenko clearly identifies the various aspects of the topic, formulates easy-to-grasp rules, presents a large number of well-chosen examples and ends with a wealth of practical tests.

The brilliance of Alexander Panchenko’s didactic method shines through in this book. It is hard to give better advice for ambitious chess players than to follow this tried-and-tested and highly instructive road towards mastering the chess middlegame.
