## **Missing Men: A Memoir** Joyce Johnson

Joyce Johnson's classic memoir of growing up female in the 1950s, **Minor Characters**, was one of the initiators of an important new genre: the personal story of a minor player on history's stage. In **Missing Men**, a memoir that tells her mother's story as well as her own, Johnson constructs an equally unique self-portrait as she examines, from a woman's perspective, the far-reaching reverberations of fatherlessness. Telling a story that has "shaped itself around absences," **Missing Men** presents us with the arc and flavor of a unique New York life—from the author's adventures as a Broadway stage child to her fateful encounters with the two fatherless artists she marries. Joyce Johnson's voice has never been more compelling.
