Nouveau Manuel Complet de Marine: Gréement et Manoeuvres (French Edition) Phocion-Aristide-Paulin Verdier

En publiant ce Manuel de Gréement, nous avons eu l'intention d'éviter aux débutans dans le métier de marin, le moment de dégoût et de découragement qu'ils éprouvent lorsqu'en voyant un navire pour la première fois, ils cherchent à se faire donner et à retenir le nom des manœuvres. Il nous a semblé utile de leur apprendre à classer leurs idées en suivant une méthode simple et claire dans la description des diverses parties du gréement. C'est pourquoi nous avons parlé en premier lieu du dormant, puis de la garniture et du gréement des vergues, enfin, de la garniture et du gréement des voiles. En traitant ces diverses parties d'une manière générale, en les appliquant ensuite à chaque mât, à chaque vergue, à chaque voile; en expliquant les différences nécessitées par leurs positions et leurs usages, nous avons pensé que nous nous ferions mieux comprendre, que si nous avions décrit le gréement, comme on le met en place lorsqu'on grée un navire. En marine, pour bien savoir, il faut beaucoup voir et beaucoup faire. Le grand livre pour apprendre est le navire; mais un guide est nécessaire au commençant, pour lui enseigner à réfléchir et à classer ses idées pour voir avec fruit
