**Reinventing the Republic: Gender, Migration, and Citizenship in France** Catherine Raissiguier  
Early one morning in 1996, the sanctuary of a Parisian church was suddenly disrupted by a police raid. A group of undocumented immigrant families had taken refuge in the church under threat of deportation due to the French state's increasingly restrictive immigration policies. Rather than disperse and hide, these *sans-papiers*—people literally without papers—came together to bring to light the deep contradictions in the French state's immigration policies and practices. *Reinventing the Republic* chronicles the struggle of the *sans-papiers* to become rights-bearing citizens, and links different social movements to reveal the many ways in which concepts of citizenship and nationality intersect with debates over gender, sexuality, and immigration. Drawing on in-depth interviews and a variety of texts, this disquieting book provides new insights into how exclusion and discrimination operate and influence each other in the world today.
