The American Philosopher: Interviews on the Meaning of Life and Truth (American Philosophy)

Phillip McReynolds

Over the course of nearly a decade, Phillip McReynolds conducted a series of interviews with prominent American philosophers including, among others, Richard Rorty, Hilary Putnam, Joseph Margolis, Richard Bernstein, Bruce Wilshire, John Lachs, Richard Shusterman, and Crispin Sartwell. *The American Philosopher: Dialogues on the Meaning of Life and Truth* brings these interviews together, bridging a wide variety of topics both personal and professional, and ultimately addressing what it means to be an *American* philosopher. With interviews that are both philosophical and biographical in nature, this book will be of interest to those who specialize in pragmatism and the history of American philosophy, academics in fields such as comparative literature, history, political science, sociology, and American studies, and to anyone with an interest in “America” as an idea
