Legend of the Scarlet Blades Vol. 1: The City that Speaks to the Sky Saverio Tenuta

Follow the journey of the amnesic ronin Raido in a medieval Japan where spirits still exert their magic on the land. Raido, a young amnesic Ronin-a masterless Samurai-roams about in a quest for his memories. His first stop is the city that talks to the sky, the ultimate stronghold against the ice invading the land of the rising sun. There, he meets Meiki, a graceful puppeteer and storyteller of charms. Legend of the Scarlet Blades, as painted by the tormented and airy style of Saverio Tenuta, is a series whose universe is inspired by feudal Japanese history and traditions, full of breathtaking settings and populated by a myriad of wondrous mythical beings.
